

Blowing Bird

Equipment

- Plastic cup
- Straw
- Disposable glove
- Feathers
- Tape

Instructions

- Make a small hole at the end of a plastic cup
- Place a straw into the hole and seal with tape
- Stick feathers onto each finger of a disposable glove
- Draw a face on the thumb of the glove
- Place the glove over the top of the cup
- Attach with a rubber band
- Stuck and blow the straw to see the bird come up and down
