

Equipment

- Answers to questions
- Feather

Feather Answer

Instructions

- Put out a selection of answers. These can be on cards, white boards or visual aids- make sure the amount is suitable for the child- some children will only be able to have 1 right and 1 wrong answer.
- Place a feather in the surface a small distance away from the answers
- Ask the child a question
- Then try and blow the feather along to land on the correct answer
